Situated just 7 miles from Disney World, Posner Commons has prime positioning at the highly trafficked regional interchange of Interstate 4 and US Highway 27 with more than 200,000 cars per day, and experiences significant visitation from the more than 74 million tourists that visit Orlando annually. Posner Commons also sits squarely in the middle of one of the fastest growing regions in the state with nearly 37,000 residential units planned or currently under construction within 7 miles.

Including the shadow-anchor Target with grocery store, and BJ's Wholesale Club located adjacent to the Property which opened in February 2023, Posner Commons is a massive super-regional shopping center that spans more than 731,000 square feet across +/- 91 acres. The Property features 13 of today's leading national anchor & junior anchor tenants, several of which are top performers in their respective sales districts, pay substantially below market rents, and have a history of renewal. The offering provides a rare opportunity to acquire a fortress asset at significantly below replacement cost pricing with strong upside potential (5.8% 5-year CAGR).

Closest Movie Theater Locations

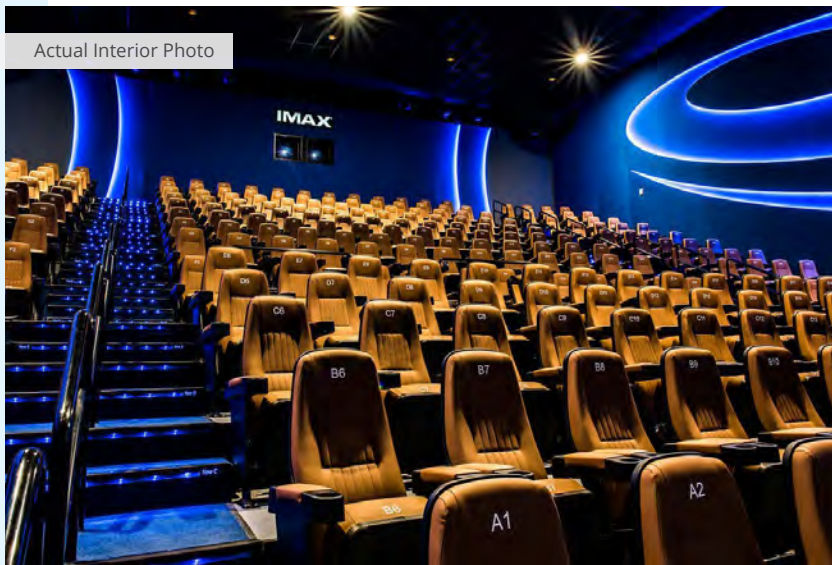

Dominant & Top-Performing Cinepolis Movie Theater on Landlord-Friendly Ground Lease

- Cinepolis at Posner Commons is the top visited chain location in the state (Placer: #1 of 3). In 2015, Tenant backfilled 45,000 SF of the former Belk space on a ground lease at a very low rent of $4.44 PSF NNN.

- This Cinepolis at Posner Commons is an upscale dining and movie destination, featuring a full-service bar with craft cocktails, wine, beer and a gourmet, chef-driven menu, plus 8 screens and 1 additional 265-seat IMAX theater with a floor-to-ceiling screen.

- The trailing 12-month sales thru August 2024 are $5,657,000 ($629,000 / screen), yielding an extremely low health ratio of 6.3%. Cinepolis recently saw two of their highest sales months ever at the Property in June 2024 ($1.2M) and July 2024 ($939K).

Actual Interior Photo

Grocery Shadow Anchored with Strong Performing, Best-in-Category National Tenancy, Presenting Stability and NOI Growth Potential

- Strong performing, shadow-anchor Target with grocery owns their own parcel, has been in occupancy since 2008, and welcomes 1.4 million visitors annually (Placer.ai). Target, along with the adjacent newly built BJ's Wholesale Club act as additional anchors and greatly promote cross-shopping.

- 8 of 11 anchors and 12 of 25 shops have a history of renewal, with the weighted average duration of all tenants exceeding 13 years.

Adjacent Tenant

Shadow Tenant

- Excellent leasing activity with 14 new leases totaling 31,977 SF signed since 2019, including high-performing and huge traffic-generating tenants Bath & Body Works ($1,800 PSF sales, +/- 2.0% health ratio) and Crumbl Cookies ($1,000 PSF sales, +/- 3.0% health ratio).
- JCPenney is on a favorable ground lease structure in their initial 20-year term, on a very low, below market $4.45 PSF base rent.
- 87.5% of the GLA and 85.6% of the Revenue comes from today's leading national and regional tenants.

Tremendous Upside Opportunity to Grow NOI

- Dollar Tree, paying $17.00 PSF NNN and expiring in July 2028, has no remaining renewal options, presenting a new owner with the opportunity to reset and recast their lease or explore new tenants at higher market rents.
- Drafting off the tremendous leasing velocity and explosive residential growth, a new owner has the opportunity to lease 20,596 SF of available shop space.
- Ability to continue to push rents and improve the merchandising mix, as 16 of the 25 shop tenants hit terminal expiration over the next 10 years. With good sales performance, favorable health ratios, and high occupancy, a new owner can hold the line on renewals and re-cast leases.
- There are three outparcel strip buildings included in the sale, which feature Mattress Firm, Optical Outlet, Davenport Ale House, and Edward Jones, promoting strong NOI growth in addition to the stability of the anchors.

Orlando MSA

As the country's 23rd-largest metropolitan area in the United States and the 3rd largest MSA in the state, Orlando is home to a wide range of industries, from science, technology and bio-medical research to digital media and advanced manufacturing. For those who live, work and play here, our dynamic lifestyle offers something to enjoy every day. It's the perfect breeding ground for businesses looking to grow and thrive for years to come.

With a resident population of over 2.8 million, Orlando's population growth of 62.0% since 2000 greatly outpaces the other major MSA's of Miami, Tampa, Jacksonville, and Florida, and three times the growth rate of the U.S. over the same period. The Orlando Economic Partnership projects that Orlando will continue to attract residents from across the country and estimates that the city will add more than 1,500 residents per week until 2030.

Retail Market Overview

The Orlando MSA retail market consists of 30 distinct submarkets totaling 158 million square feet of rentable space. Orlando's growing economy and population has resulted in one of the healthiest retail markets in Florida. According to CoStar as of Q3 2024, the Orlando retail market had 591,000 square feet of net absorption over the prior 12 months, resulting in a low vacancy rate of 3.5%. As of Q3 2024, 1.1 million square feet of retail is under construction, limiting the supply of new space coming online, and the market had positive annual rent growth of 4.6%.

Posner Commons is located in Davenport, Orlando's fastest growing submarket. The population and number of households within 7 miles of the Property have each grown by more than 220% since 2010 and are expected to grow by another 20%+ over the next 5 years. As detailed below, the average quoted shop base rents for competitive centers are +/- $40.00 PSF NNN, which is higher than the current weighted average shop base rents at Posner Commons ($23.67 PSF NNN), demonstrating a substantial opportunity to grow rents quickly as the surrounding population base expands.
