## ORLANDO MSA

The Orlando-Kissimmee-Sanford Metropolitan Statistical Area ("Orlando") is the 22nd-largest MSA in the United States. Home to over 2.5 million residents and welcoming over 72 million visitors annually, Orlando is the most visited city in the United States. Orlando is experiencing one of the most significant expansion periods in its history including a $2.3 billion reconstruction of I-4 ("I-4 Ultimate"), the Orlando Magic's $200 million downtown entertainment complex and the Citrus Bowl's $200 million renovation which was completed in 2014. Major Orlando theme parks such as Universal Studios and Disney World have consistently expanded for several decades and recently added new attractions like Universal's Volcano Bay water park and Wizarding World of Harry Potter and Disney's Star Wars Land and Fantasy Land.

Orlando's continued growth is further demonstrated through consistent increases in passenger volume at Orlando International Airport ("MCO") its largest airport. In 2018, 46 million passengers flew through MCO (11th most in the United States), with a 6.9% year-over-year increase in passenger volume. In January 2018, MCO began construction on a new $2.1 billion terminal; the 2020 opening of its first phase is expected to increase MCO's capacity to 50 million annual passengers. MCO will also soon be the first airport in Florida to conveniently support air travel, ground transportation and rail with the construction of Florida's Brightline high speed passenger rail system, the first phase of which will connect the Miami, Broward and Palm Beach markets to Orlando.

### LARGE INTERNATIONAL CORPORATE PRESENCE

Major international companies in Orlando include Walt Disney Company, Lockheed Martin, Siemens Energy, Mitsubishi-Hitachi Power Systems, L-3 Communications, Science Applications International Corporation (SAIC), Electronic Arts, Northrop Grumman, Darden Restaurants, Verizon Communications, Tupperware Brands Corp., American Automobile Association (AAA), Ruth's Chris Steak House, Deloitte and more. Orlando is home to U.S. operations of Japan's Mitsubishi Hitachi Power Systems, Spain's Indra System, and Australia's Adacel among others. More than 150 international companies, representing about 20 countries, have facilities in Orlando. Companies actively hiring in Orlando include The Walt Disney Co., Lockheed Martin, Hilton, HCA, and Marriott.

Seminole County offers a convenient transportation system with two major highways: I-4 and Central FL GreeneWay (SR 417). The county is served by Sanford International Airport which is Orlando's secondary commercial airport and ranked in the top 30 busiest airport in the world in terms of total flight operations (takeoffs and landings).

## CASSELBERRY

As the southernmost city of Seminole County, Casselberry benefits from close proximity to downtown Orlando 7.2 miles southwest and is a dense and growing suburb with many young upper middle income families. ## COMPETITIVE MARKET OVERVIEW

Casselberry Commons occupies a strategic high traffic intersection serving both the dense and affluent communities of Winter Park and the rapidly growing Casselberry trade area.

Casselberry Commons has limited nearby grocery competition and is the only grocery anchored property within 1.7 miles. Within a 3-mile radius, grocery competition is fully defined and includes four Publix stores, plus locations for Walmart Supercenter, Aldi, Target, Winn Dixie, Sprouts and The Fresh Market. Grocery anchored properties in the trade area are extremely well occupied. Excluding Casselberry Commons, grocery anchored shopping center occupancy within 3-miles is 96%. Other significant nearby tenants include Bed Bath & Beyond, Staples, Beall's Outlet and LA Fitness.

The property's 3-mile trade area consists of over 2.1 million SF and is 91% occupied. Non-grocery anchored centers have experienced significant recent absorption activity including recent 24 Hour Fitness and Pet Supplies Plus leases at The Grove at Winter Park.
